## **Joining Kehillah North London during the membership year**

Our membership year runs from 1<sup>st</sup> February to 31<sup>st</sup> January each year. There are different arrangements for community Membership subscriptions and Burial Fund subscriptions.

### Membership subscriptions

- Membership subscriptions are payable either annually or monthly (your choice).
- If you are joining in January or February, the full subscription for the year beginning on 1<sup>st</sup> February is payable, either in one go or at the standard monthly amount for your subscription rate.
- If you are joining during March, April or May, we ask that you pay a full year's subscription if possible, either in one go or spread over the remaining months.
- If you are joining at any other time:
  - either you can pay a pro-rated amount for the number of months left until 31<sup>st</sup> January next, either in one go or at the standard monthly amount,
  - or you are welcome to pay a full year's subscription if you wish, either in one go or spread over the remaining months.
- In any case, when you renew your membership next February, a full year's subscription will be payable for next year, either in one go or monthly.
- We keep our membership subscriptions as low as we possibly can. Additional donations are always welcome.

### Burial Fund subscriptions

- A whole year's fee is payable, whether for the whole or any part of any year, either in one go or spread through the year.
- If you are joining after the beginning of the membership year, if you prefer you can delay joining the Burial Fund until 1<sup>st</sup> February next, but please note that you will not be covered for burial/cremation or funeral costs until shortly after you begin paying.
- However, please note that if you are about to turn 55 or you are already 55 or older, your one-off over-age premium will rise with each birthday you have, and the whole scale often rises each calendar year as well.
